

### Directions to ADTRAN (East Tower – Southern/Rear Entrance)

From Research Park Blvd. take Bradford Drive West toward Explorer Blvd. When you reach this light, be in the middle lane and turn left on Explorer. Once you have turned, be in the right lane and prepare to turn right into the next available ADTRAN entrance. This is about 2/10 of a mile. After making the turn, you will see a truck dock area (straight ahead) and a parking area (to the left).

Turn left at this point/small internal intersection. This will place you in the rear parking lot. Drive and park as close to the lake as possible. There is a wide brick paver walkway that leads to ADTRAN's southern/rear entrance. Once inside, go up the stairway right of the receptionist's desk to the 2nd floor.

**Handicapped building access:**  
Follow building to service entrance & take service elevator to 2<sup>nd</sup> floor. Follow route outlined in blue.
